ANCHOR BAY AMATEUR RADIO CLUB

MEMBER INTEREST SURVEY

At the February 11, 2008, President Jack Haverty K3FIV and Vice President Fred Leif W6WTI led a discussion concerning the possible future direction of the Anchor Bay Amateur Radio Club. It was decided that a survey be developed and distributed to all club members to solicit their input regarding this important topic.

Please take a few minutes to complete the survey below and return it by April 1, 2008 so your club leaders will have an opportunity to compile the responses and present the results to you at our next club meeting on May 19 with some recommendations based on the received survey replies.

Please rank your interest in each of the following by placing an X in the appropriate column **1= Low; 5= High**

INTEREST LEVEL

1	2	3	4	5	ITEM
					Technical, Practical Training and "play", e.g. radio programming, circuitry, antenna design & installation – learning about things you can do with radios
					Mentors/Elmers and member support network to help yourself or others with questions and problems
					Licensing and upgrading training to increase your skill level or license class
					Membership Communications, e.g. electronic club newsletter
					Club Activities, e.g., Field Day, Contests, Public Service Events participation, HF & DXing
					Emergency Communications, training workshops, drills, certification

Please give us your comments and other suggestions for direction and activities:_____

Please return the survey via email to w6abr@yahoo.com. If you are unable to return the document via email, please visit the club web site at http://www.anchorbayarc.org, print out the survey, complete it and mail it to: ABARC PO Box 815, Gualala CA 95445

Please come to the June 9, 2008 ABARC meeting prepared to share and discuss some of these topics. Thank you for taking time to complete and return this survey and sharing your ideas and thoughts with us.
